- Easily Adaptable

PAPER PRESENTED

Serverless Computing

- Presented a paper on "Serverless Computing" at Kongu Engineering College.

Library Management System

- Presented a paper on "Library Management System" at Kongu Engineering College.

AREA OF INTEREST

- MERN STACK
- Database Management System
- Computer Networks

PROJECTS PRESENTED

Grocery Management System:

- Developed a "Grocery Management System" using the MERN stack. The system allows users to buy groceries, browse products by category, manage their cart, and proceed to payment through checkout.

Travel Planner:

- Developed a "Travel Planner" using MERN stack. This platform allows users to explore various travel destinations and conveniently book nearby hotels

Job Portal:

- Created a 'Jobportal' using MERN STACK where it allows the users to apply for the jobs by uploading their resume.

ACHEIVEMENTS

- Secured First Prize in Web Development Competition which is held at Kongu Engineering College.
- Secured First Prize in Project Presentation for 'PlacementPro' project which is held at Kongu Engineering College.

CERTIFICATIONS

- Participated and received a certificate in the 24-hour Hackathon event at Kongu Engineering College.
- Participated and received a certificate in the E-Horzyon Web Development event (3 days) at Kongu Engineering College.
